EDIFICATION

I want to introduce you to Mr/Ms (Edify Expert).
Mr/Ms (Edify Expert) is one of the top (executives) (or) (Rank) in Kyani and he/she is leading the expansion here in (City). He/she is a person who knows how to have fun, understands this business inside and out, and most importantly, he/she is a family guy/gal who cares for his/her people and is helping a lot of people succeed in this company.

LANGUAGE

I'm working with an Individual that is leading the expansion of $250 million nutraceutical company in the (City) market, he/she was asking me if I knew any key people that could help them with the expansion of the company. If you could add an additional 2-4k without jeopardizing what you're currently doing would that help you out? Would that interest you?

My business/Career has done so well that it has given me the ability to diversify my income. I'm part of an expansion team helping 250 million dollar nutraceutical company entering this market and we are looking for a few key people that can help us and partake of some huge profits. Are you currently keeping your business options open?

WHAT DO YOU DO?

I'm part of a new business that is creating passive income for myself. We use an online marketing platform to build the business. What we have done is merge online marketing with network marketing and automated the recruiting process, making it very simple to find people that want to build a business. 1. Care and then Share

***Always ask questions about them, if they ask you a question about what you are doing lately, your lifestyle, your family, everything needs to positive and giving bits and pieces why Kyani is making a difference without directly mentioning Kyani (see screenshots below) This could take a day, or a couple days.. just be patient and build the relationship.

a. Occupation
- What are you up to nowadays?
- Oh wow I didn’t know you worked in that industry how do you like it?

b. Money
- Cool is what you’re doing pretty good money?
  (This question always leads to answers that you can use as ammunition to start speaking about your business project that you’re working on)

c. Recreation
- Do you have a lot of free time?
- What have you been up to in your free time nowadays?
- Do you have a lot of free time?
  (This question leads to answers that you can use to introduce Kyani if they feel like they don’t have any TIME.)

d. Family
- What is your family up to lately?
- How are your kids?
- Do you get to spend a lot of time with them?

***Oh wow, why didn’t I think about you sooner, you would be AMAZING at this... are you interested in hearing more?
2. Build Value on the Webinar link

****Never answer questions.. let videos and webinar links explain the business

a. “Great, when will you make time to watch the 25 min webinar that will explain the business?”

b. Okay, Awesome, well I want you to make sure you have 25 mins uninterrupted

c. Well, it’s a time sensitive link so you need to watch it as soon as I send it to you.

d. Great! I will follow up with you at __(time)__ to make sure you’re home and then to watch it in front of a computer.. what time will you be home? What time works for you? Tonight or tomorrow night? I’ll send the link.

3. Follow up after webinar is complete

- “What did you like best about what you saw?”

**THIS SHOULD BE THE ONLY QUESTION YOU ASK THEM**

After they answer, regardless of what they say (as long as it’s positive) you say: “Yes!! Absolutely, that’s the SAME thing I FELT when I first was introduced to the business”

4. Schedule 3 way call

a. Edify your upline prior to the 3 way –

You know what? My business expansion leader, [ Mr. / Mrs (last name) ] told me that if I had ANYONE today or tomorrow that I thought would be GREAT at being a leader in the market and help with the expansion, for me to get them on a three way call with (her/him). She’s a top leader in multiple markets and has worked directly with the founder and the core 10 group of leaders that launched Kyani in the U.S.... When can we get you on the call with (her/him)? Would tonight or tomorrow afternoon work better?
b. **Call the prospect and 3 way in your upline**

Awesome, this is [Mr. / Mrs. (last name)] that I was telling you about. I am SO glad that she/he had time to speak with you individually. Like I mentioned, he/she has been instrumental in launching multiple different markets in the U.S. and is looking for 1 or two more core leaders in your market.

I’d like to meet you for 30 minutes to see if this makes sense for both of us. How about next week, which would work best for you, Wednesday or Friday? (offer any two days, even days in the current week)

**Prospect:** What’s this all about?””

**Distributor:** We are combining the three strongest marketing channels, Network Marketing, Online Marketing, and Retail Marketing for the first time in history allowing us to create a $100 million dollar business in less than 3 years. **Prospect Answer B:** “No, I don’t want to”

**Distributor:** OK, here is what I’d like you to do. (Referrer) mentioned you are health conscious. And, therefore, he’d like you to test our product at no cost for 7 days. All we are asking for is for you to give us feedback about your experience, so that you can join the group such as Mike Rodgers, Olympian track runner, (product examples), sound good to you?

**Warm Marketing Inviting Intro’s**

“If I could show you a way to make an extra $2,000 this month around what you’re currently doing, would it be worth an hour of your time?”

“If the money was right, and it worked with even your hectic schedule, would you be open to looking at a business project?”

“What if I could show you a way to get (mention something you know they’ve been wanting), would it be worth an hour of your time?”

“I know you’re busy, but as a smart business man/woman, I’m sure you’re always open to looking at smart business projects, correct?”
Distributor: I’m working with an individual who is leading the expansion of a huge international company in this area. I’ve told him/her all about you and they’re waiting for me to get back with them about a time, that’s convenient for you, that we could arrange to meet (or talk over the phone) with him/her and learn more about this amazing opportunity. Is Tuesday at 4pm ok or would Wednesday evening work better for you? Or I’m working with an individual who is leading the expansion of a huge international company in this area.

He/She is going to be at my house (Date&Time) (is doing a Webinar for a group of us that I feel can benefit tremendously from this project). And I thought of you because (compliment them). I’ve told them about you, so you have to be there.

Can I count on you for Thursday night?

(This same method can be used at KYANI SOCIAL @ kyaniviral.com/admin)
WHY $1299, NOT $599, AND NEVER $299

We sponsor people at the $1299 pack. We are convinced it is the way to win in Kyani! Win Fast and Win Big! If you want the Dollars & Cents of HOW we do it, read "HOW TO ALWAYS CLOSE AT $1299" below.

But here is the general reasoning...

1) Everyone will ask you how you came in. Tell them $599 and you will fight to close them at $1299. Since the $1299 is new, if you came in at $599 like we did, we always say we came in at the highest pack and you should too.

2) The $1299 comes with 750 QV. The $599 comes with 500 QV. It takes only YOU plus 2 at $1299 in your first month to reach Jade and get your $600 Jade bonus. You can reach Sapphire with only 14 people in your group at $1299. THAT is your new car!

3) We believe, and we explain... to set someone up for success in Kyani, they have to come in at $1299. If they come in at $599, you have honestly put them on a tough path for major success. If they come in at $299 - and looking to make lots of money - you have truly set them up for failure.

4) NOTICE THE CAVEAT JUST ABOVE! "IF they want to make lots of money". Bottom line is if they are happy eventually reaching a couple thousand dollars a month or so, $599 will do that for them. Everybody sees their own success differently. The only way we ever put someone in at $299 is if they just want to be a customer and have other customers where they can make 30% from each sale.

HOW TO ALWAYS CLOSE AT $1299

Kyani Social is $29.99/mo after 3 months if you come in at $299. Your Webtools (Kyani.net) is $12.50/mo after 3 months. So, if someone comes in at $299, by the end of the first year they will have paid an additional $382 for just Social and Webtools.

Kyani Social is $24.99/mo after 6 months if you come in at $599. So, if someone comes in at $599, by the end of the first year they will have paid an additional $225 for Social and Webtools.

Kyani Social is $19.99/mo after the first year if you come in at $1299. So, Social and Webtools won't cost anything for the first year.
SO! Comparing apples to apples...

The **$299 pack really costs $681** for about $200 worth of product!
The **$599 pack really costs $824** for about $700 worth of product!
And the **$1299 pack costs $1299 and includes $1744 worth of product!**

REMEMBER, giving product to people who need it will result in a 60% to 80% conversion rate! Memorize those numbers and you will EASILY sponsor people at $1299!

Just below is a chart that compares the growth of your business by sponsoring $1299 Packs rather than $599 Packs.

### YOUR INCOME USING $1299 PACKS VS $599 PACKS

This chart assumes that YOU sponsor ONLY 3 PEOPLE. And each person who comes in also sponsors ONLY 3 people. Just 3 each, and no more... EVER. Obviously that is not realistic. Some will sponsor 1 or 0. And some will sponsor 50. This chart is based on the idea that each person will NEVER get more than 3. The $1299 Packs have $300 in Sponsor Volume. The $599 Packs have only $100 in Sponsor Volume.

(This example takes into consideration the volume reset at the first of each month, AND assumes each Time Period to be 1 week)
